Domingo Salotti was established in 1973, owned and operated as a family business to date.

For over forty years present on the market, our team has now the necessary skills to meet the contract world needs.

Started its activity on the domestic field, today the company is a reliable manufacturer of high quality contract standard furniture.

We gained over the years the experience to become the perfect partner for designers, architects and anyone who needs to specify articles for hotels, restaurants, disco-
teques, cruiseships or any other demanding environment.

We can resource the best solution for each project. Our partners can look into our continuously growing offer of standard items or find with us the most suitable bespoke
alternative. We will assist them in the process of developing an idea, a personal intuition and made a tailored product from it.

Strictly Made In Italy production and diligent commitment to quality and customer satisfaction: these are our work features. We'll be glad to help you in achieving your
goals and satisfy your needs.
